### #CastleHostels, German Youth Hostel Association

We worked with the German Youth Hostel Association to promote a selection of their #CastleHostels to the European market, devising a two week road-trip to visit five classic hostels generating videos, blog content and ebooks to share highlights of the hostel and attractions in the local environment. A live social campaign generated interest during the road trip and a series of 6 blog posts, 10 videos and 5 ebooks provide long term search and promotional benefit. Some example online posts and media coverage:

### #InEmiliaRomagna

Working with iAmbassador and the tourist board of Emilia Romagna, we spent one week exploring family friendly attractions in the Italian region of Emilia Romagna, promoting this to the UK market. A one week visit to coast, inland, city and theme park attractions produced live social, edited video and blog post content creating social buzz and long term assets. We also placed content subsequently with The Guardian and Lonely Planet Kids.

### Premier Inn – Active Family Breaks

Working through an advertising agency we were commissioned to produce a series of three videos and feature content for use on the Premier Inn site to promote active family breaks. We devised a mini campaign involving live social, video and feature content production in collaboration with a Scottish Tourist board and environmental charity to highlight opportunities for walking in the UK and to promote a specific accessible trail in Scotland, the John Muir Way. ### #PoetinMotion, Cumbria Tourism

Working with Go Lakes Travel, a project promoting sustainable travel in the UK Lake District, we worked as “poet in residence” to produce poetry, video poems, blog content and a high end coffee table book to inspire visitors to consider ways of travel beyond the car. The project attracted much local and regional media coverage providing additional benefit to the project and awareness of their goals. Poetry outputs persist in visitor centres, on local information screens, in books placed in local hotels, on the project blog and on local buses. Some example online posts and media coverage:
